

Ocean Preservation

Sponsor: Division of Aquatic Resources

We must protect the delicate balance of ocean life, preserve biodiversity, and ensure sustainable practices for the well-being of our local communities. Conservation efforts are key to safeguarding our precious marine ecosystems so our coastal resources can be enjoyed for generations to come.

Here are some ideas to inspire your media production:

- Why Hawai'i's oceans are important
- Impact of human activities on marine life and habitats
- Sustainable fishing practices
- Bag limits for lobsters
- Mauka to makai lifeline and connection
- Everyone's kuleana to steward our ocean resources
