

# Safe Transportation

*Sponsor: Hawai'i Dept. of Transportation*

Transportation is the lifeline that connects communities and islands, fostering economic growth and elevating quality of life. Our roadways are crucial to the movement of goods and services. Let's ensure the safety of our roads, no matter how you travel – private vehicles, public transit, walking, or biking.

Here are some ideas to inspire your media production:

- Roads link people to essential goods and services
- Navigating roundabouts or raised crosswalks
- Importance of wearing a seat belt
- Tips for teen drivers to ensure safe, responsible driving habits
- Pedestrians - stay aware of surroundings, crosswalk etiquette. Drivers - yield to those on foot.
